A newsletter of QCFI Nagpur Chapter

Mr. A. K. Jain
Chairman,
QCFI Nagpur Chapter

Chairman Talk

Greetings!!!

I am happy to know that QCFI , Nagpur Chapter going to publish a newsletter “Sankalp” which will be published quarterly and this will be first of its kind of newsletter, which include the news from regional to international happenings in the field of quality. Also, happy to learn that, this newsletter gives the opportunity to the QCFI member to publish their article on the quality concepts, this will definitely add the value and learning.

This newsletter will prove itself and be a feather in the cap. I congratulate QCFI, Nagpur Chapter and Editor Desk for this publication and my best wishes for future assignments.

Mr. Ashok Gadge
Secretary,
QCFI Nagpur Chapter

Secretary Talk

It gives me a great pleasure to convey my Greetings to QCFI, Nagpur Chapter's first News Letter “Sankalp”.

In QCFI – Nagpur Chapter each and every month is full of happenings month with different kind of programmes and workshops on the quality concepts and participant are participated in these workshop with full of zeal. And this quarter of July , Aug and Sept 2018 is full of such workshops and mainly CCQC 2018.

This newsletter will help to propagate the Quality Concepts at large, so that more and more industry and participant will be benefited.

Best Wishes

Mr. Vivek Shrouty
GC Member,
QCFI Nagpur Chapter

From Editor's Desk

It is indeed a pleasure that first of its kind of “Newsletter” being published by QCFI – Nagpur chapter. The name “SANKALP” has been given as all of their governing council members are working with determination to achieve its goal to spread concepts of “Quality Circle”. This “Newsletter” will give opportunity to publish article on various quality concepts to its members. This will be publishing quarterly. This publication is also important, as in month of September, Nagpur chapter organized CCQC-2018 with highest number of participant and for same quarter newsletter going to publish. Also workshop on judgement, propagation visits and engineering students are aware about quality concepts as part of social support.

CHAPTER ACTIVITIES IN QUARTER

1. Training programme on “Competency in Judgement”

It was found that there is need to have induction workshop on judgement the case study ,hence Nagpur Chapter of Quality Circle Forum Of India has proposed a training program on “Competency in Judgement” for Quality Circles, Kaizen, 5S and other concepts. The other important purpose is that, the participants of this workshop will be assets to guide their departmental Circles in respective organisations to prepare case studies before submission at competitions / Conventions.

The two days training programme held at Institutions of Engineers, Ambazari Road, Nagpur on 16th and 17th July 2018 from 9.30am to 1800 hrs.

It was expected that participant will gain knowledge on basic requirements of judging the case study.

This training programme has been attended from 13 different organizations and in all 44 participants has participated. Each of the participants has been given 16 GB Pen drive, loaded with about 30 different case studies for minute study and about 1.8 GB of literature on Quality concept.

For the opening ceremony of the programme we were very lucky to have prominent chief guest Dr. Dilip Gupta , Chairman of All India Vivekanand Medical Mision Hospitals, Mr. Rajendra Kale , General manager , Reliance power Butibori , Nagpur

Dias has been shared by Mr. AK Jain, Chairman QCFI Nagpur Chapter, Mr. Ashok S. Gadge, Secretary, QCFI, Nagpur Chapter and Mr. Manohar Hedao, Vice Chairman, QCFI, Nagpur Chapter

Chief Guest has given the valuable thought on basics of various Quality concept and its need of implementation as National requirement.

Mr. Ashok Gadge has presented his views on relevance of conducting this training programme on “Competency in Judgement” .The program was conducted for two days.

Mr. AK Jain, Chairman QCFI Nagpur Chapter shared his valuable thought on the QCFI , its work and importance of judgement of case study.

On the second day, training programme concluded with valedictory function, chief guest for function is Mr. C P Sahoo,Unit head of Adani npower generation Plant, Tirodaand Dr. Ramesh Lakhe, Chairman Shreyas Quality management systems, Nagpur

Chief guest shared his valuable thoughts on importance of Quality Circle, TQM , Quality by giving various examples Through his motivational speech. Dr. Lakhe , In his speech gave a touch to utility of various Quality concept and there minute details.

Mr.Ashok Gadge was the key faculty for the workshop , Mr. SantoshDwivedi given lecture on TPM and Mr. Sanjay Kajori on 5S.Participants are felicitated Withcourse completion certificates from the hands of Chief Guest and Guest of Honour.

Participants shared their experience of and take away from the two days' work shop.

Workshop has been well attended by governing council member of QCFI , Nagpur Chapter.

Vote of thanks given by Mr. Manohar Hedao, Vice Chairman QCFI , Nagpur Chapter and programme conducted by Mr. Mayur Chapate.

Overall workshop was successful to generate the knowledge about judgement of case study and fruitful.

Guest/ Member's Articles

5S: My favourite 1S, "SEIRI"

Author : **Vivek A. Shrouty**

Seiri is the first S from the 5S methodology, the other S stands for Seiton, Seiso, Seiketsu and Shitsuke.

The meaning of each one of 5S is,

1. Seiri - is organization and for second time it called as Reorganization
2. Seiton - Neatness, Place for everything & everything in its Place
3. Seiso - Cleanliness
4. Seiketsu - Standardization
5. Shitsuke - Discipline

I always fascinate about Seiri, as this is starting of implementation of “5S” methodology in any organization. Lots of effort has been put up by the organization, particularly from all the levels in the organization in kick off, formation of teams and shouldering the responsibility.

Seiri make a remarkable change in the organization. This is not only the start of way towards the cleanliness, but will help in saving money, time and safety.

This gives the opportunity to remove the non-functional things and obsolete items in the section or in department.

With this, team members move towards the habit of keeping the things which are required for particular operation(s). This results in cleaner and well organized workplace.

Also, team members are involved in Red Tag and Yellow Tag area. These both concepts are important and making the way for implementation of next steps of “5S”. Red Tag indicate, material which is of no use or can say scrap items and Yellow Tag is indication of serviceable items or items which are not being use in particular section or department and required to return to store so that same can be used in future or use by other department.

This concept of Red Tag and Yellow Tag area help to create atmosphere of oneness in the organization.

In nut shell, author is of opinion that, first step “Seiri” gives the opportunity to team member, not only to understand the 5S methodology, but to understand our self towards the journey of oneness.
